Beacon Lighthouse for the Blind is a 501 C 3 non-profit whose purpose is to provide programs and services aimed at providing employment, promoting independence and generally improving the quality of life for the blind and visually impaired. Currently, the unemployment rate for the blind and low vision stands at an overwhelming 66% and we are trying to change that. Beacon operates an industrial center, which offers continuous employment for blind individuals. Beacon manufactures products for industries wholesale, retail and government markets. I believe we have proved our worth through the fact we never closed during the Covid Pandemic. Our workers stayed true to our mission and believed we were doing our part through the trying times. We look forward to a long-lasting partnership and hope you can join us. I look forward to hearing from you and please contact me if you have any questions at (940) 767-0888 x101.

Sincerely,

Claire Walker
